Invitation to attend Bathurst Municipal Academy: A call to action

Interested in knowing more about municipal politics? Thinking of becoming a candidate in the next municipal election? Plan to attend the Bathurst Municipal Academy.

The City of Bathurst, in collaboration with the Bathurst Head Start Project, will be hosting a bilingual Municipal Academy at the K.C. Irving Regional Center on February 26th and 27th.

The purpose of the Academy is to provide knowledge on topics such as:

- Local governance
- How to get involved - Elections NB
- Roles and responsibilities of elected officials and staff
- How to and what to communicate to the media during the election process
- How to balance the different segments of your life: work, family, politics and time for yourself
- How to organize a campaign

There is no cost to participate, but you must register. The registration form and full agenda are available on the City of Bathurst's Website. Simultaneous translation will be provided.

A great learning experience as well as a fun-filled activity. For more information, contact Anne-Marie Gammon, amgammon2010@gmail.com, 545-6821 (h) or Susan Doucet, City Clerk, susan.doucet@bathurst.ca, 548-0702 (o).
